PROFESSIONAL SUMMARY

UI/UX Designer and Front-End Developer with experience across design systems, Figma-to-React implementation, and AI integration in education. Trains teaching staff on AI tools and prompt engineering while delivering freelance mobile app design and development end-to-end. Background spans user-centered design, responsive front-end builds, and technical instruction.

WORK EXPERIENCE

Academic Heights World School — Delhi
Web Designer & AI Expert | Jun 2026 – Present

- Train teaching staff on integrating AI into their teaching workflows, identifying and recommending the most effective AI tools for classroom use.
- Deliver instruction on prompt engineering, teaching staff how to write effective, purpose-built prompts.
- Leading a full redesign of the school's official website to modernize its design and improve user experience.

Freelance — Remote
UI/UX Designer & React Developer | Jun 2025 – Jun 2026

- Delivered three mobile applications end-to-end as an independent freelancer, owning UI/UX design in Figma and front-end development in React for each.
- Designed and built a men's accessories shopping app and a movie ticket booking app from concept through functional React front-end.
- Partnered directly with an independent fashion designer as a freelance client, designing and developing a dedicated shopping app (Figma UI/UX + React) for her women's clothing line.

Cloud Counselage Pvt. Ltd. — Remote
UI/UX Designer Intern | Sep 2024 – Jun 2025

- Designed and implemented a comprehensive design system for the FutureLink project, delivering 10+ responsive pages and 50+ scalable UI components that enhanced visual consistency and user engagement.
- Optimized workflows using advanced Figma plugins (ChatGPT, Visily.ai), increasing design efficiency by 20% and reducing iteration time within three months.
- Developed and refined high-fidelity prototypes for critical features — user profiles, job search, and messaging — improving navigation and aligning designs with stakeholder feedback and industry standards.

Psw Technologies — Ambala
Computer Science Instructor | Sep 2021 – Aug 2024

- Delivered instruction in C programming, covering syntax, control structures, and algorithmic logic.
- Taught Web Development fundamentals (HTML5, CSS3, JavaScript) to build interactive interfaces.
- Conducted practical training in MySQL, covering database design, schema creation, and query execution.
- Developed lesson plans and assessments aligned with curriculum standards to evaluate student progress.

Webcoder Pvt. Ltd. — Dehradun
Front-End Web Designer Intern | Feb 2021 – Sep 2021

- Optimized website performance and usability via image optimization, code restructuring, and improved navigation — reducing page load times by 15% and increasing mobile traffic by 20%.
- Collaborated with cross-functional teams to test and refine UI components, driving a 10% improvement in overall performance and a 25% boost in conversion rates.
